

Littleton Police Citizen Academy Alumni Association Newsletter

1st Quarter, 2010

Issue #36

Letter From The President

Dear Members,

Welcome to a New Year and decade. We plan to have this year be as exciting and productive as last year.

Our last meeting included our annual potluck, which was very well attended. Everyone outdid themselves with the amount and variety of snacks and food. It was tremendous. The officers on duty were most appreciative of our leftovers.

The LPD has been so impressed with our involvement with Halloween at Aspen Grove that our help was requested for traffic and pedestrian control around the Santa truck at the Candlelight Walk. With 16 volunteers we were able to provide a safe experience for at least 20,000 participants. It was a truly remarkable evening for all of us.

Chief Coogan and the Department have recently provided our volunteers professional safety vests, flashlights with cones and communication devices. This fantastic generosity will allow the Alumni to be much more productive in our larger and evening volunteer projects.

Chief Coogan makes an appearance at our meetings bimonthly and provides an update on LPD affairs. The addition to the police facility is progressing and an area is allotted for volunteer/community activities. The Chief is also interested in rewarding our volunteers for their hours of service. The first presentation is scheduled to occur at our annual picnic in July so be sure to attend.

I personally want to extend the most sincere thank you to the previous board members whose terms expired in November. Barb Sigler (At Large Director) and Fred Hamblen (Vice President) left the Board after two years of service. Their tireless investment will be missed. Thank You!!!!

New members of the Board include Rich Krening (Vice President) and Sue Hanson (At Large Director in charge of the Newsletter and Website). Mickey Kempf will handle the responsibilities of Volunteer Coordinator as the continuing second At Large Director.

Our next major event will be Safety Day scheduled for Saturday May 22 at ACC. Last year we had the largest ever number of volunteers in attendance. This year we will need at least that number so put the date on your calendars. Information will be made available as the planning progresses.

Hope to see you all at our future meetings.

Kay S. Shacker

The Chief's Corner

By Heather Coogan, Chief of Police

Dear Alumni,

I want to tell you about three exciting new programs that we have started in the last several months which help the Police Department provide service and information directly to citizens. They are great examples of how the 3 Ts, Tools, Technology and Training help our department give a great deal of service to our community without tremendous cost. These programs are based on advances in the use of the internet (Technology), and the need to share information with our citizens to help us make the community safer (Tools). These Crime Prevention efforts are great examples of Training.

The Police Department is now a participant in Crime Reports.Com (Technology). This program is totally automated. Once per day, the data from those reports is downloaded to the Crime Reports server, which instantly updates the web site. The Crime Report.Com web page allows access to all documented police activities occurring in the City of Littleton. You may chose to look at crime information occurring in your neighborhood for the specific time period that you choose. Incidents can be sorted by crime type, date, distance from a given address and over various periods of time; from three to thirty days. For instance, if you would like to find out about a particular police activity you noticed in the city, you can search that location to stay informed. You may also receive email alerts concerning the types of crime activities that you choose, within a selected radius of your address. To see this new program you can go to <http://www.crimereports.com/> and also register to receive email alerts about crime in your neighborhood.

We have also started a monthly Crime Prevention newsletter. The information in the newsletter contains basic crime prevention and safety information and is written by an outside company. This newsletter, which is written in Spanish and in English, is available to everyone who accesses our web page. It is not a replacement for the Neighborhood Watch Newsletter that we have just started. The newsletters are available to the public visiting the department and are accessible from our web page at <http://www.littletongov.org/police/newsletter.asp> and copies are available to the public visiting the department.

Please contact me if you have any questions about these or any other Police department programs. Thanks for all you do for our department.

Heather A. Coogan

Our Crime Corner

Business Watch

The Littleton Police Department is pleased to announce a new program for our business community. Business Watch is designed to build a partnership between the Police Department and local businesses. The program promotes business safety and reduces the possibility that businesses become the victims of crime. To participate and become a member of Business Watch, businesses must “opt in” to the program, after which they will receive crime information, updates and bulletins from the Police Department. Our agency asks business members to become the “eyes and ears” of the Police Department and report suspicious or criminal activity. Participating members of Business watch will receive newly designed decals and signage that identifies the business as a participant in the program. Please go to www.littletonpolice.org to opt in if your business is interested in participating in this new program. Once you get to the website, this is how you begin this free program.
