

FOR IMMEDIATE RELEASE

**Introducing the New Bike Trail Patrol Program through the
Littleton Police Citizen Academy Alumni Association**
Littleton, Colorado

Littleton, Colorado, November 12, 2019 – The Littleton Police Citizen Academy Alumni Association (LPCAAA) launched a newly designed Bike Trail Patrol Program in addition to their Community Service Volunteers (CSV).

In the LPCAAA's efforts to continue to develop an expanding nucleus of responsible, well informed citizens, the Bike Trail Patrol Program launched June of this year. This dynamic team is partnering closely with the Littleton Police Department and South Suburban Parks and Recreation to help increase community volunteerism and keep our trails enjoyable for all.

"It's wonderful to have the LPCAAA and CSV members out on the bikes," stated Doug Stephens, Littleton Police Chief. "I can't think of a better way to have the department represented in such an approachable and helpful way along Littleton's many miles of trails."

"The Bike Trail Patrol has been warmly received by our community. By frequently stopping to speak with trail users and introduce ourselves, we are helping everyone to learn about the LPCAAA mission," states Jim McNamee, President of LPCAAA. "The feedback we've received from residents is positive; it is said that our presence boosts feelings of safety."

Local businesses, residents, and the Littleton Police Department are recognizing the impact that the LPCAAA is making and how its focus on awareness and education is presenting a valued difference.

###

About Us

The Littleton Police Citizen Academy Alumni Association (LPCAAA) is a non-profit organization that was formed in 2000 to help support the Littleton Police Department and Community. Through offering a variety of volunteer opportunities and training, its members are ambassadors that continue to help bridge the gap between the community and the local police department and help keep our community a safe and desirable place to live. For more information, please visit the LPCAA website at www.lpcaaa.org.
